- Tourist Programmes

# Frequently Asked Questions

## Where do I land and is it safe?

Your Airport of arrival will be OR Tambo International Airport in Johannesburg. South Africa is as safe as anywhere else in the World. We will pick you up personally at OR TAMBO International Airport, and escort you to our lodge. To date, we have never had an issue with security. No shots are required and the only one we recommend may be Tetanus, which you should keep up to date anywhere.

## When is the Hunting season?

Our busiest season is late February until the end of October. The Winter months, when it is most pleasant to hunt, are from May through to September. We do hunt year-round, but be ready for the heat from late October until late February. For Bowhunters we recommend the cooler months of June, July, August and September.

## How do I get my trophies back?

One of our Team members, will skin and salt your capes at the lodge free of charge. Our trusted taxidermy company will then come to the lodge to pick up your trophies to boil the skulls, clean the horns, dip, crate and process the paperwork for export. They will send you an invoice for this 1-2 months later via email. The crate is then picked up by an export agent, and they will send you a quote for shipping back to your country, typically via sea Freight. It is recommend to have an import agent in your home country to receive this crate with your trophies. Upon arrival they can either forward on to your taxidermist, or send the trophies directly to your home via Ground freight.

## When do I pay the balance on the hunt ?

We will typically provide you with a final invoice the evening before you depart for home. Any deposits you've made previously will be applied, and you can either pay your balance in Cash, Card machine, PayPal or via an Electronic transfer. (Please note when paying with a debit or credit card we only accept Visa and Mastercard and there is unfortunately an additional 3% card levy added on each transaction. Gratuities are not mandatory, but they are typically expected on an African Safari.
